

2026 Net Zero Tech International Contest

Grand Champion

Award	Project ID	Project Title	Position	Name	Representative Country / Region	School	Department
Grand Champion 跨領域總冠軍	E004	Multiscale Design of a HEO-Catalyzed Ammonia Cracking Reactor and SOFC Green Power System Augmented by Digital Twin Visualization	Advisor	Hung Wei-Hsuan	Taiwan	National Central University	Graduate Institute of Chemical and Materials Engineering
				Lee Sheng-Wei			Graduate Institute of Materials Science and Engineering
				Wang Wei-Jyun			Chemical and Materials Engineering
				Gong Cihun-Siyong			Department of Electrical Engineering
				Chih-Long Tsai			Institute of Energy Technologies: Fundamental Electrochemistry (IET-1)
			Leader	Ding Si-Han			Graduate Institute of Materials Science and Engineering
			Member	Yu Tsal-Hsuan			Graduate College of Sustainability and Green Energy
				Chang Hsiu-Yuan			
				Chen Neng-Di			Graduate Institute of Materials Science and Engineering
				Qiu Yu-Min			
				Lai Min-Chi			
				Chou Tsung-Yi			Graduate Institute of Chemical and Materials Engineering
				Lu Yu-En			Department of Electrical Engineering
